Homework Expectations

Thank you for your commitment to ensuring your student completes their homework each night. By partnering together, your student will achieve excellence!

Daily Homework:
1. Read 20 minutes (total) each night. Each night your child should read a book in English and a book in Spanish. Then s/he needs to write about BOTH books.
2. Complete the math homework page. We will only send math homework when we feel that students understand the concept and can practice independently (1 or 2 times per week).
3. Take time to be a kid and play outside.
4. Talk to your child about what s/he learned that day.
